www.myclinic365.com

Make MyClinic365 your newest team member that works 24/7 for your practice.

- Optimise communication with our Patient Portal & Chatbot
- Online appointment booking
- Automated payments and payment collection
- Secure encrypted messaging
- Repeat prescription requests online
- Video consultations
- Zero-contact check in
- Automated patient reminders reducing DNAs

Founded by an Irish GP, developed in Ireland and backed by Enterprise Ireland, MyClinic365 is now in use by over 250K registered patients.

MyClinic365 relieves the pressure on practice staff by automating the resource intensive mundane tasks, empowering patients, and improving the patient experience.

We use automation to make your practice work smarter not harder.

Testimonials;

"When I am at home watching TV or sleeping I know it's working for me."

Santry GP

"I am a Dublin based GP. In March 2020 I integrated MyClinic365 into my Practice. It has been a game changer in terms of Practice effectiveness, simplifying finances and freeing up reception time."

Harcourt Health Doctor
